

EVERLIGHT Sued Seoul Semiconductor For Patent Infringement

New Taipei City, Shulin – May 8, 2017- Everlight Electronics Co., Ltd. (Everlight) on May 4, 2017 filed a patent infringement case with Mannheim District Court in Germany against Seoul Semiconductor Co., Ltd. (Seoul Semi).

Everlight requested an injunction that the Court enjoin Seoul Semi from selling, manufacturing, importing or exporting any infringing products. Everlight also requested Seoul Semi recalls and destroys any inventories of infringing products, and bears infringement damages.

Everlight possesses a strong patent portfolio in the key markets including the America, China, Japan, Europe and Taiwan. The patents cover high, medium or low luminance LED components, for example, product series of 5630, 2835, 3030, 3535, 5050 and COB LEDs that are suitable for back lighting, lighting or automobile LED products.

Everlight respects intellectual property rights and does not tolerate any infringement and will devote to the protection of customers' and shareholders' benefits and rights.
